Many find it difficult to take words that were written thousands of years ago and apply them to twenty-first century life in the Western world. How do we read Gods unchanging Word in a world that is increasingly defined by change? How to Read the Bible in Changing Times shows everyday Christians how to interpret and apply the Scriptures regardless of time and culture. Rather than seeing the Bible as a magic answer book, a list of commands to obey, or a series of promises to claim, this insightful book allows the Bible to retain its identity as a complex, inspired document while showing that the truth it contains is relevant and life changing. It shows the reader how to determine the meaning of the text in its original context, identify culturally relative features, understand what the text teaches about God, his will, and his purposes, apply the truths discovered to contemporary life situations. It even shows readers how to discern Gods will on the many modern issues that the Bible does not directly address. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
