You ll learn new ways to: * Promote parent involvement at home and school; * Share specific math and literacy strategies with parents to reinforce children s learning; * Plan and organize effective parent conferences that foster true dialogue about a child s education; * Communicate with parents about what you re teaching and how you re teaching it, so they can actively contribute to their child s learning at home; * Develop family nights and workshops to get parents involved in learning at school; * Recommend games, activities, and projects that parents can use at home to help their children practice math and literacy skills; * And much more!
