

EPA Toxic Substances Program: Long-Standing Information Planning Problems Must Be Addressed: Aimd-94-25

Filesize: 1.04 MB

Reviews

Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficut to understand. It is extremely difficut to leave it before concluding, once you begin to read the book.
(Bernie Mante PhD)

EPA TOXIC SUBSTANCES PROGRAM: LONG-STANDING INFORMATION PLANNING PROBLEMS MUST BE ADDRESSED: AIMD-94-25**DOWNLOAD**

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 44 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed whether the Environmental Protection Agency's (EPA) Office of Pollution Prevention and Toxics (OPPT) is effectively planning for and using information resources to: (1) identify and assess those chemicals that pose the greatest risk to human health and the environment; and (2) retrieve critical data on health and environmental risks. GAO found that: (1) OPPT has not completed a strategic information resources management (IRM) plan to support implementation of the Toxic Substances Control Act (TSCA); (2) OPPT divisions and branches have developed over 200 independent information systems and databases that cannot share data because they lack standard data definitions and formats; (3) OPPT scientists waste time and effort using many different systems and undertaking manual searches; (4) OPPT is scheduled to complete its IRM plan in early 1994; (5) the proposed OPPT IRM plan does not include an assessment of users' functional and information requirements or define an information system architecture; (6) OPPT systems will continue to be incompatible without an information system architecture; (7) TSCA provisions requiring EPA to meet users' information needs have not been implemented; (8) the only OPPT online database available to external users for assessing TSCA data lacks a complete index, has limited search capabilities, and does not provide online access to abstracts; (9) external users must wait days or weeks to receive hard-copy documents of most TSCA data; and (10) the effectiveness of OPPT efforts will be limited unless OPPT focuses on external users' needs. This item ships from La Vergne, TN. Paperback.
