TEST DEVICES IN JULES HOROWITZ MATERIAL TESTING REACTOR (JHR)

Condition: New. Publisher/Verlag: Scholar's Press | Neutron kinetic design supporting safety analysis of JHR research material testing reactor | Jules Horowitz Reactor (JHR) is designed to be the most important European material testing reactor - achieving 100 MW core thermal power. MADISON, ADELIN and MOLFI reflector experimental devices are conceived for material and fuel irradiation tests. Power transient analyses are requested by safety authority for different experiments to be performed in these devices. Issues concerning shutdown power transients need particular...

Reviews

This pdf may be worth a read through, and much better than other. It is really basic but unexpected situations inside the 50 percent of your publication. I am delighted to let you know that this is basically the very best publication i have got read within my individual existence and can be he best pdf for ever.

-- **Linwood Reichel**

This publication is definitely worth buying. It typically is not going to price an excessive amount of. I found out this publication from my i and dad recommended this ebook to find out.
