

Andrew Taylor Still, 1828-1917 (Paperback)

By Carol Trowbridge

Truman State University Press, United States, 2007. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Andrew Taylor Still lost confidence and hope in the medical therapies of his day after three of his children died of meningitis in 1864. Still developed a philosophy of osteopathy that was holistic, naturalistic, and emphasized health rather than disease. This book tells us about Still s family, and the communities he lived in.

Reviews

This pdf may be worth purchasing. This is for anyone who statte there was not a really worth reading. I found out this pdf from my i and dad encouraged this pdf to understand.

-- Mrs. Annamae Raynor

If you need to adding benefit, a must buy book. This really is for all who statte that there had not been a well worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Claud Bernhard
