This was the question presented to Marie Matsumoto when she woke up in a psychiatric hospital. General Adam Blagojevich went off the grid for a purpose; to find evidence of Marie s former identity and to find justice for those who disappeared in a freak incident 300 years prior. Now, as Commander of Enterprise Security Solutions, Marie sets out for space with Agents Sydney and Orlando to find their missing General with Orenji with them side-by-side on earth in the old Starlight Wholeness labs. What will come of this mission? And exactly who is this mysterious woman, Sara Hailstorm, who claims to be an assistant of deceased doctors at the lab in space?.
