

An Essay on Production, Money and Government (Classic Reprint)

Filesize: 7.54 MB

Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from An Essay on Production, Money and Government Reader, in the present essay I have, in the briefest way, attempted to draw attention to some of the greatest principles of human life, and I have undertaken to show the necessary relation which is designed to exist between the functions and duty of man and certain laws of nature, which have been since the beginning of time. Life, with its aims and purposes, appears to me as gathering its results into a profitless and puny issue. The individual seems lost in mankind. Chains have been riveted out of material transactions, binding him hand and foot. It is held to be a virtue to labor to the exclusion of all thought and human enjoyment in obtaining the present mere material necessities, and to provide for repose in the decline of life. The bounding and generous ideality of youth is frowned down. The earnest desire for wisdom and understanding of manhood s prime is frozen in the bud, that no exalted idea may interfere in the endeavor to obtain an imaginary and uncertain repose in after life - a period at which man, whose mind has been devoted to mere pecuniary gain, is past usefulness to God, the world or himself. The principles of life which I advance will, if acted upon, totally and absolutely reverse much that now holds, and ensure a degree of easiness in all life s pursuits, that will warrant the discovery and application of many Laws of Nature to man s well-being, now perfectly unknown. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book...
