

Ants For Breakfast (Paperback)

Filesize: 1.33 MB

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Ally Reichel)

ANTS FOR BREAKFAST (PAPERBACK)

University of Utah Press,U.S., United States, 1999. Paperback. Condition: New. New. Language: English . Brand New Book. A view from the remote Philippine highlands where the author s time in the kalinga homeland was packed with the elements of a thriller novel: mystery, danger, sex, violence, death - and research too! Ants for Breakfast is about the adventure of modern archaeology. Seeking insight into prehistoric pottery manufacture and use, archaeologist James Skibo traveled to the remote Phillipine highlands to live with the Kalinga people, once headhunters, and one of the few groups in the world who still use ceramics for cooking. Even as he looked for clues to the past in the practices of the present, the author s time in the Kalinga homeland was packed with excitement: mystery, danger, sex, violence, and death. It was also an opportunity to taste a world both subtly and vastly different, while adding a new perspective to his own. In the course of his narrative, Skibo seizes every opportunity to link his experiences to the development of modern archaeology, and to such topics as human evolution, the peopling of the world, animal domestication, cultural logic, food taboos, basketball, Indiana Jones, and even Imelda Marcos.
