Later chapters outline how branding has developed as an extension of the U.S. marketing industry. There is discussion of Ivory Soap, Band-Aids, Lacoste sportswear, MTV, Google, and Oprah, among many brands. The particular challenges of establishing a completely new product or service are also addressed. The final chapters are made up of brief interviews with brand consultants or managers about design. Besides attracting marketers and entrepreneurs, the book's 300 illustrations (many ads and product images) will also appeal to commercial artists and graphic designers." - Library Journal.
