AUTHORHOUSE, United States, 2006. Paperback. Condition: New. Annotated edition. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Coming off his unsuccessful 2004 New Hampshire state Senate campaign, Jerry Sorulcco realized something was fundamentally wrong in America. Across the country people had voted against their own best interest. The Republican far right-now the party of our modern robber barons-waving the bloody shirt, and using the war on terrorism to instill fear, in league with the Christian evangelical movement, had won both houses of Congress and the White House. President George W. Bush, who had lost the popular vote in 2000 and won the election in a five to four vote by U.S. Supreme Court, had the power to put in motion an agenda that rewarded America s rich elitists and systematically set about destroying the nation s social safety net. Thoroughly researched and annotated, Facing Fascism takes the reader through the 2004 election, the manipulation of America s worldview, the mismanagement of the major issues facing the nation, and offers some solutions. It is a serious work, but essential reading for anyone who wants to understand what is happening in America. The book shows conclusively that the threat to America in the 21st century has all the characteristics of fascism, replete with class warfare, militarism, and religious nationalism.
