SWITCHING TO VOIP (PAPERBACK)

O'Reilly Media, Inc, USA, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book. More and more businesses today have their phone service through Internet instead of local phone company lines. Many businesses are also using their internal local and wide-area network infrastructure to replace legacy enterprise telephone networks. This migration to a single network carrying voice and data is called convergence, and it is revolutionizing the world of telecommunications by slashing costs and empowering users...
