THE PHYSICS OF MIRACLES

DOWNLOAD

Beyond Words Publishing, United States, 2010. Paperback. Book Condition: New. Reprint. 210 x 140 mm. Language: English . Brand New Book. When Richard Bartlett first experienced the origins of his Matrix Energetics program, his goal was only to help the patients who brought their myriad health problems to his Chiropractic practice. Now, nearly ten years after the event that would redirect the entire course of his life, Dr. Bartlett brings the power of his seminars into the book, *The Physics of Miracles*. By lightly touching his clients while at the same time applying focused intent, he could restore them to a physically, mentally, and spiritually balanced state, instantly shifting misalignments that had plagued them for years. Most astonishing of all, he could teach anyone how to do this. Now, for millions of people looking for empowerment in an age of declining and impersonal healthcare, Dr. Bartlett shares this phenomenon in a book full of explosive potential. In *The Physics of Miracles*, Dr. Bartlett builds upon his popular seminars to teach us how to access the discovery he has made a process that merges the science of subtle energy with our innate imaginations to produce measurable results. By applying forces known to modern physics, each of us can tap into states of healthy awareness from different moments in essence, travel in time and bring them into the present for immediate, profound results. As Dr. Bartlett clearly shows, this practice requires no special training, produces transformation in the blink of an eye, and is available to everyone who has a willingness to learn. *The Physics of Miracles* provides an easily-reproducible, results-oriented process of change that draws on the fundamental principles embraced by the field of quantum and scalar physics. This paradigm-busting book can teach anyone how to access their creative power to...
