Reviews

The publication is great and fantastic. It is probably the most remarkable book i actually have read through. Its been printed in an exceedingly easy way and it is merely right after i finished reading through this publication where in fact altered me, modify the way i think.

Penguin Books Ltd, United Kingdom, 1976. Paperback. Condition: New. Revised ed.. Language: English . Brand New Book. One of the greatest philosophers of the nineteenth century, Schopenhauer (1788-1860) believed that human action is determined not by reason but by will - the blind and irrational desire for physical existence. This selection of his writings on religion, ethics, politics, women, suicide, books and many other themes is taken from Schopenhauer s last work, Parerga and Paralipomena, which he published in 1851. These pieces depict humanity as locked in a struggle beyond good and evil, and each individual absolutely free within a Godless world, in which art, morality and self-awareness are our only salvation. This innovative - and pessimistic - view has proved powerfully influential upon philosophy and art, directly affecting the work of Nietzsche, Wittgenstein and Wagner among others.
