

Calculation methods and practical guidance and exercises to learn analysis (2nd edition in the 21st century higher education teaching materials)

By SUN ZHI ZHONG

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 132 Publisher: Southeast University Pub. Date :2011-07-01 version 2. Zhi-Zhong Sun compiled a calculation exercises and practical guidance and analytical learning (2nd Edition) is the best-selling book calculation method and practice a book to answer all the exercises. involving error analysis. equation Roots. Numerical Solution of linear equations. interpolation. curve fitting. numerical integration and numerical differentiation. numerical solution of ordinary differential equations and matrix eigenvalue and eigenvector calculation . End of the book accompanied by a simulation papers and reference answers. Calculation method and practice exercises to learn to guide and resolve (2nd Edition) can be calculated as a science and engineering students learn the course reference book. Contents: 1 Introduction 2 Roots of Equations Numerical Solution of linear equations 3 4 5 curve fitting interpolation and numerical integration. numerical differentiation 6 7 8 numerical solution of ordinary differential equations eigenvalues ??and eigenvectors of the computer simulation modeling papers refer to the answer papers Four Satisfaction guaranteed, or money back.

Reviews

This pdf is so gripping and exciting. It can be full of knowledge and wisdom I am just effortlessly could get a enjoyment of reading a published pdf.
-- **Henri Gutkowski**

This ebook is definitely not straightforward to begin on studying but quite fun to read. It is one of the most awesome book i actually have go through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
