

Desperate Games (Paperback)

Filesize: 1.04 MB

Reviews

Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

DOWNLOAD

Hesperus Press Ltd, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. Long before Battle Royale or The Hunger Games, the author of The Planet of the Apes imagined a world governed by science and brutality gone mad in this long-neglected, dystopian sci-fi classic, now in a new translation. Despairing at the state of world degeneration, a group of the world's most renowned intellectuals form the new Scientific World Government, aiming to put the world to rights. Elected into power, they quickly start making changes for the better, eliminating world hunger and cancer, encouraging scientific thought, and banning frivolous entertainment. But while congratulating themselves on a job well done, they fail to notice that actually, people are not happy. The suicide rate has sky-rocketed and, strangely, it turns out the public wants a little risk and conflict in their lives. So to cater to the masses, the Department of Psychology forms a plan: they will stage an entertainment show the likes of which the world has never seen before. It starts with gladiatorial style battles, bloodthirsty and brutal, where the victors become celebrities of unseen proportions, and quickly escalates into entire historical battle re-enactments involving chemical warfare and mass destruction. The Scientific World Government has unleashed a monster. What has the world let itself in for?.
