## STATE OF RESISTANCE: WHAT CALIFORNIA S DIZZYING DESCENT AND REMARKABLE RESURGENCE MEANS FOR AMERICA S FUTURE (HARDBACK)

[DOWNLOAD](#)

The New Press, United States, 2018. Hardback. Condition: New. Language: English . Brand New Book. A leading sociologist s brilliant and revelatory argument that the future of politics, work, immigration, and more may be found in California Once upon a time, any mention of California triggered unpleasant reminders of Ronald Reagan and right-wing tax revolts, ballot propositions targeting undocumented immigrants, and racist policing that sparked two of the nation s most devastating riots. In fact, California confronted many of the challenges the rest of the country faces now--decades before the rest of us. Today, California is leading the way on addressing climate change, low-wage work, immigrant integration, overincarceration, and more. As white residents became a minority and job loss drove economic uncertainty, California had its own Trump moment twenty-five years ago, but has become increasingly blue over each of the last seven presidential elections. How did the Golden State manage to emerge from its unsavory past to become a bellwether for the rest of the country? Thirty years after Mike Davis s hellish depiction of California in *City of Quartz*, the award-winning sociologist Manuel Pastor guides us through a new and improved California, complete with lessons that the nation should heed. Inspiring and expertly researched, *State of Resistance* makes the case for honestly engaging racial anxiety in order to address our true economic and generational challenges, a renewed commitment to public investments, the cultivation of social movements and community organizing, and more.
