THE COSMIC COMPUTER (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Conn Maxwell told them: There are incredible things still undiscovered; most of the important installations were built in duplicate as a precaution against space attack. I know where all of them are. But I could find nothing, not one single word, about any giant strategic planning computer called Merlin! Nevertheless the leading men of the planet didn't believe him. They couldn't, for the search for Merlin had become their abiding obsession. Merlin meant everything to them: power, pleasures, and profits unlimited. Conn had known they'd never believe him, and so he had a trick or two up his space-trained sleeve that might outwit even their fabled Cosmic Computer . if they dared accept his challenge. H. BEAM PIPER is rather enigmatic where his personal statistics are concerned. It may be stated that he lives in Williamsport, Pennsylvania, that he is an expert on the history and use of hand weapons, that he has been writing and selling science-fiction for many years to the leading magazines, and that he is highly rated among readers for his skill and imagination. He has had several novels published, including mysteries and juveniles. This is a Green Bird Publication of a quality soft cover, suitable for libraries, home libraries, gifts, and keepsakes.
