Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

THE ARMAGEDDON MOVEMENT (PAPERBACK)

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Who knew the United Nations was a spiritual entity with a Temple overlooking the White House; an Alter that is a six ton block of rock; a Spiritual Leader who practiced Kundalini (serpent power) Yoga; an Ark of Hope with mythical unicorn horn handles pagan symbols; a Global Ethic for mankind with binding values and irrevocable standards to shape our personal attitudes; and a written plan for Marxist living in the 21st Century deceptively titled Sustainable Development - Agenda 21? On top of that, people and organizations affiliated with the UN have been working on projects called The Reappearance of the Christ and New Genesis! Was George W. Bush referring to all this when, during his second inaugural address, he said, When the founders declared a new order of the ages. they were acting on an ancient hope that is meant to be fulfilled? This book is the result of a six-year research project by Esther Watchmen. It may well be the most explosive study of the century providing the most important information needed by the people of the world today. More than six-billion people are being duped and this story must be told!.
