Hospital and Healthcare Facility Design (Hardback)

By Richard L. Miller, J. Todd Robinson, Earl S. Swensson

WW Norton Co, United States, 2012. Hardback. Book Condition: New. 3rd Revised edition. 279 x 221 mm. Language: English . Brand New Book. A celebrated standard for architects, planners, and hospital administrators, Hospital and Healthcare Facility Design has introduced three generations of students and professionals to the state-of-the-art practice of creating structures that are healing environments for those who are ill, while promoting wellness and comfort for all who use them. The third edition of this comprehensive work includes all new case studies and updated text providing innovative ideas and practical guidelines for planning and designing facilities in the rapidly changing landscape of the healthcare world. Drawing on some fifty years of experience at one of the country's leading healthcare architecture firms-Earl Swensson Associates (ESa)-authors Richard L. Miller, FAIA, Earl S. Swensson, FAIA, and J. Todd Robinson, AIA, explore the current and emerging trends in medical care, technology, and delivery as practiced in a rich cross section of examples of healthcare facilities from around the country. In this new edition they touch on such topics as Lean and LEED practices, evidence-based design, Planetree design, and other important issues facing contemporary and future designers. They expand coverage of the increasingly...
