Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

Hanan Centre, 2007. Softcover. Book Condition: New. Una guía práctica para padres de niños pequeños con retraso en la adquisición del lenguaje. Pueden usarla en diferentes situaciones para ayudarle al niño a comunicarse y desarrollar el lenguaje. ¿A qué tipo de comunicación nos referimos? Puede tratarse de un bebé enfermo, un pequeño difícil o un preescolar temperamental. Esto no se limita a la expresión verbal, sino a la comprensión de ideas y sentimientos, gracias a lo cual el niño puede aprender a relacionarse con su mundo. Es un libro bien ilustrado y de amena lectura que ayuda a facilitar el aprendizaje del lenguaje a través de las conversaciones y rutinas cotidianas, mediante juegos, música, lectura y creando juntos por medio del arte. -- - Written in simple language and filled with lively, colorful illustrations, this Spanish translation of It Takes Two to Talk (Second edition, 2004) shows parents how to help their child communicate and learn language during everyday activities like mealtime, playtime and book reading. Hanan's most popular parent guidebook is invaluable for parents of children ranging from those in the earliest stages of communication to those who have begun to talk in short sentences. Hablando nos entendemos is supported by the most current research, and includes easy-to-use checklists, practical guidelines for choosing communication goals, and a new section on building the foundations for literacy. This user-friendly guidebook shows parents how to have fun with their children while turning every interaction into an opportunity for language learning. 171 pages. 2007.
