**MANUAL OF PATENT LAW: WITH AN APPENDIX UPON THE SALE OF PATENTS (CLASSIC REPRINT)**

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Manual of Patent Law: With an Appendix Upon the Sale of Patents Custom permits a writer, in his Preface, to project himself toward his readers in the use of the personal pronoun of the first person. Of that privilege I will avail myself for a little. Professional experience in the procuring of letters-patent for inventions, and in the conduct of litigation based upon them, has made me to know, that the great majority of inventors, and of other persons interested in patents, eagerly desire reliable information as to their rights and duties under the law, and as to all questions affecting patents. The books designed for the use of that part of the legal profession devoted to patent practice are too costly to be practically within the reach of the profession in general, much less within the ordinary means of inventors and patentees. Not only this, but they are written in a vernacular fully understood by lawyers only; and, being devoted to a subject which a truly learned judge has styled the metaphysics of the law, their language is doubly puzzling to a layman. This book of mine is, obviously, not intended as an exhaustive treatise upon patent law, but as a statement and summary of the principles of the law; and it has been prepared with a careful remembrance of the fact, that a book may be as valuable for what it does not contain as for what it does. The subject admits of endless padding; but I have aimed to steer clear of that error. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
