Author Bob Gourley, the first Director of Intelligence in the Department of Defense cyber defense organization and a seasoned advisor to corporations across multiple sectors of the economy shares lessons from direct contact with adversaries in cyberspace in a new book titled The Cyber Threat Understanding the Cyber Threat is critical to preparing your defenses prior to attack and also instrumental in mounting a defense during attack. Reading this book will teach you things your adversaries wish you did not know and in doing so will enhance your ability to defend against cyber attack. The book explores the threat and the role of the emerging discipline of Cyber Intelligence as a way of making threat information actionable in support of your business objectives. When I m researching my own books, I always turn to Bob Gourley. I make disasters up. He s seen them for real. And most important, he knows how to stop them. Read this. It ll scare you, but also protect you....

Reviews

This pdf is wonderful. It is definitely simplified but excitement from the 50 percent in the ebook. You wont sense monotony at at any time of your time (that's what catalogues are for relating to should you request me).
