

The Sacred Fire of Liberty: James Madison and the Founding of the Federal Republic (Paperback)

By Lance Banning

Cornell University Press, United States, 1998. Paperback. Condition: New. Revised ed.. Language: English . Brand New Book ***** Print on Demand *****. James Madison was the finest democratic theorist that the United States has ever produced. His was the pivotal philosophical role in framing the Constitution and establishing the principles on which a wholly new form of government was to be based. Yet this widely informed and profoundly original thinker has been considered by most scholars to be an intellectual pragmatist who reacted variably and inconsistently to the changing circumstances of the Revolution and the Confederation. Lance Banning's powerful and persuasive reexamination of Madison's thought at the critical early and central stages of his career now changes that presumption, and provides a new base from which thinking about Madison and the Founding must start. The Sacred Fire of Liberty follows Madison from his appearance on the national stage (in Congress in 1780) through the end of 1792. By the end of this period, he had achieved his mature understanding of the Constitution, and his collision with many of the other Federalists of 1788 had made him a leader of the opposition to the administration of George Washington. Banning...
