The former fairy tales were turned into movies and instead of old complicated language, easier and child friendly language was established. The former, sometimes brutal, fairy tales were changed to convey a different message, the core of the story often stayed the same but the plot around the central issue was changed. The same is true for Beauty and the Beast. By supporting his films with music and accents, Walt Disney invented a new kind of storytelling. By answering the questions: How do Disney and the fairy tale present the female main character Is it easier for children to understand the character traits of a person by only hearing about them or by simultaneously seeing the character act Which cultural representations can be found in movie and fairy tale and what influence do they have on the language of the main character Which kinds of stereotypes appear and how are they presented Is the presentation of Bella in the fairy tale still current today or is it too old-fashioned I will compare the fairy tale Beauty and the Beast (La Belle et la Bête) of 1740 by Gabrielle-Suzanne Barbot, Dame de Villeneuve, with the same-titled movie by Walt Disney. 32 pp. Englisch.
