Seinfeld, Masters of Its Domain: Revisiting TV's Greatest Show (Paperback)

By -

Bloomsbury Publishing PLC, United Kingdom, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.After a slow and inauspicious beginning, Seinfeld broke through to become one of the most commercially successful sitcoms in the history of television. It was named by TV Guide as The Greatest Show of All Time, and has become an entrenched part of American popular culture - its language, jokes, characters, and situations part of the water cooler vocabulary of two, even three, generations. This fascinating book includes classic articles on the show by Geoffrey O'Brien and Bill Wyman (first published in the New York Review of Books and respectively), and a selection of new and revised essays by some of the top television scholars in the US - looking at issues as wide-ranging as Seinfeld's Jewishness, alleged nihilism, food obsession, and long-running syndication. The book also includes a comprehensive episode guide, and Betty Lee's lexicon of Seinfeld language.

Reviews

I actually started looking over this publication. It really is really interesting through studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dana Hintz

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You won't really feel monotony at any moment of your time (that's what catalogues are for concerning when you ask me).
