iUniverse, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.When reports of the gruesome murder of former 80s rocker Stevey Richards hit the airwaves, it s the biggest story around and it puts his name back in the spotlight for the first time in years. The problem is Stevey isn t dead, he just wishes he were. His old record label hatches a scheme to cash in on the scandal by pretending he s dead and releasing his long-lost album. After a decade of playing dives and seedy clubs, Stevey is all for it until he writes his masterpiece song and decides he s not ready to give up his life just yet. Walking away from the record company isn t as easy as it sounds. Richards discovers the label is more powerful and ruthless than any mafia in the country and they aren t about to let him go public. From there, it s a mad dash through the underbelly of the music world as Stevey faces record-company thugs and hitmen in an effort to stay alive. The torture and murder of a boy-band star, the brutal beating of a pop diva and the assassination of a folk music failure are all intertwined in this fast paced, dark comedy-thriller.
