Brand New Book ***** Print on Demand *****.This book can be an integrated learning vehicle for all working professionals who aspire to become an Ethics Compliance officer in their respective organization. In first few chapters, it has been defined business ethics as the principles and standards that determine acceptable conduct in business organizations. The acceptability of behaviour in business is determined by corporate governance, as well as each individual s personal moral principles and values. Basic ethical and corporate social responsibility concerns have been codified as laws and regulations that encourage businesses to conform to society s standards, values, and attribution. Codes of ethics, policies on ethics, and business ethics training programs to advance ethical behaviour because that prescribes which activities are acceptable and which are not, and limit the opportunity for misconduct in business processes. An ethical issue is a situation, or opportunity that requires a person to choose among several actions that may be evaluated as right or wrong, causes potential dilemma between ethical or unethical decision making which has been covered in ethical decision making chapter. To help you understand ethical issues that perplex businesspeople today, department wise...
