

La Maladie D'Alzheimer

By Montani

L'HARMATTAN, 2000. Paperback. Condition: NEUF. La maladie d'Alzheimer est classiquement décrite comme la perte des capacités cognitives. Ici l'auteur porte un autre regard sur cette pathologie. A partir de son expérience psychothérapeutique elle nous offre un modèle de compréhension des troubles qui intègre toutes les données de la vie psychique, qu'elles soient conscientes ou inconscientes. Cet ouvrage ne se contente pas de décortiquer le processus Alzheimer. Il met aussi l'accent sur les possibilités de prise en charge des patients. Un accompagnement est possible. Dans quelles conditions ? Quelles en sont les limites ? Les thérapeutes : psychologues, soignants ou médecins, voire les familles des patients pourraient trouver dans ces pages de quoi alimenter leurs réflexions sur les possibilités de soigner une psyché qui s'égare. Enfin, cet ouvrage s'adresse aux lecteurs qui s'intéressent à la pensée psychanalytique, à son champ d'application dans des domaines généralement traités par la neurologie et les organicistes. - Langue : fr - Genre : Essais de Sociologie.

Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

-- Mr. Grant Stanton PhD

A whole new eBook with an all new standpoint. It is actually rally fascinating throug reading through time period. You wont truly feel monotony at anytime of your own time (that's what catalogues are for relating to when you request me).

-- Claire Bartell
