

Companion Pocketbook for Quick Review BD Chaurasia`s Human Anatomy: Head Neck and Brain, Volume 3

By Krishna Garg

CBS Publishers & Distributors Pvt. Ltd., 2013. Softcover. Book Condition: New. First edition. BD Chaurasia`s Human Anatomy has been serving the interests of medical students as the most popular textbook because of the simplicity of its text, lucidity of expression, clarity of discussion and remarkably vivid detailing in the illustrations, making human anatomy most comprehensible to learn. The three volumes have steadily been enlarging to accommodate gross anatomy, histology, embryology and detailed clinical anatomy. Numerous colour line diagrams support the text of gross, surface and clinical anatomy. Numerous colour line diagrams support the text of gross, surface and clinical anatomy. Because of the size, it is difficult for the students to revise the volumes prior to their class tests and examinations. The CAMPANION POCKETBOOKS on the volumes have been designed and brought out giving only the essential components highlighting 'must know' of anatomy. Content of each pocketbook is almost one third the size of the main volume, meant mainly for quick last minute revision of the 'volatile anatomy'. The illustrations are aimed at helping the students review the topics easily as well as retaining and reproducing the information clearly in their examinations. Clinical aspects are included with equal...

Reviews

This book is definitely worth acquiring. I have gone through and so I am certain that I will likely to read through again in the future. It's been printed in an exceptionally basic way in fact it is only after I finished reading this publication in which it actually altered me, change the way in my opinion.
