

Information Security for the Busy Entrepreneur or Manager: What You Need to Know, Minus the Paranoia (Paperback)

By MR W Frank Ableson

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Information Security is a hot topic today -- and there are many competing voices. Most Information Security courses and certification study guides are hundreds of pages, and for good reason; the topic is both wide and deep. This book is aimed at the business owner, manager, board member or any other professional with either an interest in security or the need to get an understanding of the basics quickly. We all face the challenge of dealing with I don t know what I don t know. After reading this book, the reader will have an understanding of where they stand with respect to Information Security and have a starting place for bringing their organization to a firm footing. The hope is that after reading this book, the reader has some non-trivial stress around the need to secure their enterprise, but without the anxiety of not knowing what they don t know.
