

## Stabilizing Sand Dunes on the Pacific Coast with Woody Plants (Classic Reprint) (Hardback)

By Robert L. Brown

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Stabilizing Sand Dunes on the Pacific Coast With Woody Plants Figure I. - Stabilized coastal sand dunes are used for recreation, provided pre caution is taken to preserve the permanent cover from damage.of extensive areas of eroding dunes on the north Pacific coast. They pointed out that trees and shrubs were essential to erosion control on some sites, while on others the choice between herbaceous and woody perennials for permanent stabilization depended on the use of the area. The land capability and the economic and social considerations determine the use of the stabilized area. Most of the dune areas on the Pacific coast of North America are in land-capability classes VII and VIII. 2 Such lands have severe limitation for use because of the erosion hazard, low fertility, or low water-supply capacity. Small areas of class VI land with slightly less erosion hazard and of excessively wet class V land are interspersed with the class VII and VIII land of the dunes. Small areas of class III and IV land occur on some coastal dunes. These may be used for cultivated...

### Reviews

*It is an awesome publication which i actually have ever read through. it had been writtern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.*

*-- Doyle Schmeler*

*This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*-- Brennan Koelpin*
