FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Louisiana Conservationist, Vol. 35: July-August 1983 Seashells are some of the most magnificent works of art the world has to offer, and a fascinating array of these nautical treasures can be found along the Louisiana coast. They lie along the shores, in the rocks, in the coastal waters and deep in the gulf, available to anyone willing to mix a little effort and perseverance with luck to reap these gifts from the gulf. When most Louisianians think of seashells they probably envision far off exotic places, like islands in the Caribbean or the South Pacific. Closer to home, they might think only Florida, as it stretches down into tropical Waters, is blessed with the nautical treasures that have delighted man for all time. What many folks don't realize is that Louisiana's own shores and coastal waters also harbor a magnificent array of seashells. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
