Paperback Pages Number: 253 Language: Simplified Chinese Publisher: China Forestry Publishing House; 1st edition (January 1. 2004). Order to protect and improve the production environment and ecological environment. preventing and controlling pollution and other hazards. is one of China's basic national policy. After long-term efforts. the environmental protection work in China has made remarkable achievements. When human society into the 21st century. China has entered the building a moderately prosperous society and accelerating the new stage of development of socialist modernization. The 16th CPC National Congress proposed to vigorously implement the strategy of sustainable development. economic development and population. resources and environment in harmony. China is a little land. water shortage in developing countries accounted for 22 percent of the world's population. accounted for 7 percent of the world's arable land and 8% of fresh water resources. parenting. made a great contribution to world civilization and human progress. Over the years. the CPC Central Committee attaches great importance to environmental protection work. and adhere to the path of sustainable development. Party committees. people's congresses and governments recognize the extreme importance of environmental protection work. and consciously work of environmental protection put on the agenda. and continue to increase environmental governance efforts. Through grasping the environmental protection to promote economic growth pattern. General Secretary Hu Jintao pointed out: primary stage of socialism in our country. our party as the ruling party's fundamental task is to develop the productive forces. the development of our party governing and rejuvenating the development of sufficient economic development as the central co-ordinated the development of economic. political and cultural Bo sustainable development is to promote harmony between man and nature. the environmental protection work of the...
