INTRODUCING FINAL CUT PRO X: LEARN BY VIDEO (MIXED MEDIA PRODUCT)

To save **Introducing Final Cut Pro X: Learn by Video (Mixed media product)** PDF, you should refer to the link listed below and download the ebook or gain access to additional information which are related to INTRODUCING FINAL CUT PRO X: LEARN BY VIDEO (MIXED MEDIA PRODUCT) ebook.

Pearson Education (US), United States, 2011. Mixed media product. Book Condition: New. 231 x 183 mm. Language: English . Brand New Book. This innovative product uses interactive video to give viewers an overview of the features in Final Cut Pro X, which Apple has redesigned from the ground up. Final Cut Pro X should be much more accessible to pro-sumer videographers, many of whom shoot video with their digital SLR cameras. This video is geared to this new audience, taking them through the fundamentals of video editing, as well as how to get going quickly with Final Cut Pro X, which still is an advanced, pro-level application. Experienced instructor Joseph Linaschke presents up to four hours of high-quality HD video, complete with lesson files, assessment quizzes, and review materials. The video is wrapped in a unique interface that allows the viewer to jump to any topic and also bookmark individual sections for later review. The unique Watch-and-Work mode shrinks the video into a small window to allow the student to work alongside in Final Cut Pro X. Project files used in the lessons are included on the disc so viewers can practice what they ve learned, and interactive review questions help reinforce freshly gained knowledge. The DVD-ROM is bundled with a printed booklet that provides supplemental material to enhance the video training.
