AM:STARs: Common Clinical Situations: A Resource for Practical Care and Exam Review (Paperback)

By -

American Academy of Pediatrics, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. AM:STARs is the official publication of the AAP Section on Adolescent Health. AM:STARs Common Clinical Situations: A resource for Practical Care and Exam Review consists of 80 questions on a wide range of topics in the field of adolescent medicine. Each question, along with the correct answer, is followed by a discussion of the pertinent topic, including why the correct answer is right and the incorrect answer is wrong. The PREP Adolescent Medicine questions were chosen to follow the format of the content specifications outlined by the American Board of Pediatrics, which delineates the areas of study covered in the examination required for subspecialty board certification in adolescent medicine practice and study for the board examination. Topics include * Gynecology/STIs* Nephrology* Gastroenterology* Dermatology* Endocrinology* Pulmonology* Psychiatry* Infectious Diseases* Cardiology* Sports Medicine* Rheumatology.

Reviews

An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It has been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.

-- Beverly Hoppe

Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my mom and dad suggested this ebook to discover.
