Reviews

This is the finest book i have got go through right up until now. I have got read and i also am confident that i am going to planning to read once again yet again in the future. You will not truly feel monotony at at any time of the time (that's what catalogs are for about if you check with me).

MAKING A KILLING: THE POLITICAL ECONOMY OF ANIMAL RIGHTS (PAPERBACK)**DOWNLOAD**

AK Press, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book. Suggest to the average leftist that animals should be part of broader liberation struggles and--once they stop laughing--you'll find yourself casually dismissed. With a focus on labor, property, and the life of commodities, Making a Killing contains key insights into the broad nature of domination, power, and hierarchy. It explores the intersections between human and animal oppressions in relation to the exploitative dynamics of capitalism. Combining nuts-and-bolts Marxist political economy, a pluralistic anarchist critique, as well as a searing assessment of the animal rights movement, Bob Torres challenges conventional anti-capitalist thinking and convincingly advocates for the abolition of animals in industry--and on the dinner plate. Making A Killing is sure to spark wide debate in the animal rights and anarchist movements for years to come. Table Of Contents: I Taking Equality Seriously II Chained Commodities III Property, Violence, and the Roots of Oppression IV Animal Rights and Wrongs V You Cannot Buy the Revolution Advance praise for Making A Killing Bob Torres Making a Killing draws a very straight line between capitalism and the oppressive system of animal agribusiness. Drawing from social anarchist theory, Torres provides a convincing argument that in order to fight animal exploitation, we must also fight capitalism and, in doing so, animal rights activists will need to reconsider their methods and redirect their focus. While his critiques of the animal rights movements large organizations may not earn him friends in high places, such considerations are crucial to keeping the movement on track and for preventing stagnation. Making a Killing is an important work from a new voice in animal advocacy that will surely spark heated discussions amongst activists from all corners of the movement. --Ryan MacMichael, In Making A Killing: The...
