CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 58 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. The increased interest in cryptocurrencies, and the growth of their value, have recently generated a lot of articles and books on this subject. Readers want to know what blockchain revolution, cryptocurrency technologies, smart contracts, and cryptocurrency investing are, and to determine whether it is a good way to increase passive income. The internet is overloaded with information, which does not help to understand the subject. Instead, it confuses the newbies who are interested in a clear cryptocurrency coin guide. If you have ever asked questions such as: What are Blockchain and Cryptocurrencies? How does it work? How can you earn money with cryptocurrency? How can you save money, and invest efficiently? What is a real value of the Bitcoin you have found the book you need. Why This Book Is Different? This book was written by a professional financier and professional trader. During Scott S. Bergmann's years as a financial consultant, he was witness to the financial markets ups and downs. Although Bitcoin was invented in 2008, and cryptocurrency technologies have only recently begun to emerge, the laws of the traditional market are not alien to them. Moreover, the market of cryptocurrencies is extremely volatile, and the value of Bitcoin and altcoins depends on many factors. In this book, the author explains the basic principles of how cryptocurrency works. This is the minimum that you need to know before investing. In another case, you face high risks to lose money, and can come across scammers. No other book on the subject explains so much, so simply and so succinctly. Read it, and learn about something that may change your life in ways you never imagined. Today's attention to cryptocurrencies can be compared with tulip fever in...
