Reflecting the experience and wisdom Gary Hart has accumulated during a lifetime of public service, *The Patriot* addresses the fundamental challenges to democratic leadership posed by a new century and a new millennium. Written as a handbook of advice to an aspiring younger politician in the tradition of Machiavelli's *The Prince*, Hart's compact and incisive book identifies the primary challenge facing American leaders today as the restoration of trust between the people and their government. The healthy skepticism Americans have historically held toward politics has been replaced by enervating cynicism, which breeds suspicion, anger, systematic alienation, and ultimately cultural dis-integration.
