If you do, it will get you, drag you down, and you re gone. Harry Iskinder knows the rules. Don t touch the water, or it will pull you under. Conserve food, because there s no arable land. Use Sundered slaves gently, or they die too quickly to be worthwhile. With extinction on the horizon and a world lost to deadly flood, Harry searches for a cure: the Hope of Humanity, the mysterious artifact that gave humans control over the Sundered centuries ago. According to legend, the Hope can fix the planet. But the Hope holds more secrets than Harry knows. Powerful Sundered Ones willingly bow to him just to get near it. Ambitious enemies pursue him, sure that the Hope is a weapon. Friends turn their backs, afraid Harry will choose wrong. And Harry has a choice to make. The time for sharing the Earth is done. Either the Sundered survive and humanity ends, or humanity lives for a while, but the Sundered are wiped out. He never wanted this choice. He still has to make it. In his broken, flooded world, Hope comes with a price.
