Speedy Publishing LLC. Paperback. Condition: New. 50 pages. Dimensions: 11.0in. x 8.5in. x 0.1in. Children are attracted to bright colors, moving objects, and activity. Coloring books displaying pin wheels not only appeal to the mind of young children, often full of activity themselves, but assist children in thinking in terms of shapes, and color. This helps train the mechanical side of a child's brain, interested in discovering how things work, and fit together. Pinwheels help children identify colors, and subjects, and are part of educational game playing and learning. Children learn meaning and words through pinwheels, learn about subjects, and even communication and interaction through game playing, when coloring books offer pin wheels as cutouts, as part of a game. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
