The Darling is a short story by Russian author Anton Chekhov, first published in 1899 in London, it follows the life of a woman who is referred to as darling. Olenka Plemlyannikova, the daughter of a retired collegiate assessor, falls in love with the theater owner, Kukin. Olenka s father dies and she marries Kukin, the two of them live a happy married life.until Kukin travels to Moscow and dies. Anton Pavlovich Chekhov was a Russian physician, dramaturge and author who is considered to be among the greatest writers of short stories in history. His career as a dramatist produced four classics and his best short stories are held in high esteem by writers and critics. Chekhov had at first written stories only for financial gain, but as his artistic ambition grew, he made formal innovations which have influenced the evolution of the modern short story. His originality consists in an early use of the stream-of-consciousness technique, later adopted by James Joyce and other modernists, combined with a disavowal of the moral finality of traditional story structure. He made no apologies for the difficulties this posed to readers, insisting that the role of an artist was to ask questions, not to answer them.
