Reviews

Great e book and helpful one. It really is written in straightforward terms and not hard to understand. You can expect to like how the blogger writes this book.

SIMON SCHUSTER, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. When a lonely wife and her frustrated husband each secretly pursue companionship online, neither dreams that a real woman is behind their virtual creations, threatening their marriage--and their lives. You re afraid you are becoming unfaithful, aren t you? Scott and Rachel s marriage is on the brink of disaster. Scott, a businessman with a high-pressure job, just wants Rachel to understand him and accept his flaws. Rachel is a lonely housewife, desperate for attention and friendship. So she decides to create a virtual friend online, unaware that Scott is doing the exact same thing. But neither realizes that there s a much larger problem looming. . . . Behind both of their online creations is Melissa, a woman who is brilliant-- and totally insane. Masquerading as both friend and lover, Melissa programmed a search parameter into the Virtual Friend Me software to find her perfect man, but along the way she forgot to specify his marriage status. And Scott is her ideal match. Now Melissa is determined to have it all--Scott, his family, and Rachel s life. As Melissa grows bolder and her online manipulations transition into the real world, Scott and Rachel figure out they are being played. Now it s a race against time as Scott and Rachel fight to save their marriage, and their lives, before it s too late.
