

Edward S. Curtis Above the Medicine Line: Portraits of Aboriginal Life in the Canadian West

Filesize: 5.47 MB

Reviews

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be play, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
(Rene Olson)

EDWARD S. CURTIS ABOVE THE MEDICINE LINE: PORTRAITS OF ABORIGINAL LIFE IN THE CANADIAN WEST

Heritage House Publishing Co Ltd, Canada, 2010. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Edward S. Curtis Above the Medicine Line is both an introduction to the Seattle-based photographer and a tribute to a true visionary. While Curtis s photographs will long be his legacy, his own story is likewise compelling. Curtis built his first camera at 12 and developed that interest into a large Seattle photo studio by the age of 30. Then, on an expedition to Alaska in 1899, Curtis was exposed to First Nations cultures in a way that affected him profoundly. First Nations people had been decimated due to the diseases and aggressions of white settlers. Curtis, alarmed that their traditional ways of life were in danger of disappearing forever, made an incredible effort to capture their daily routines, character and dignity through photography and audio recordings. Curtis had planned to document only the First Peoples of the United States and Alaska, but his exposure to Canada s Blackfoot Nation spurred him to include all of North America. The visual result was The North American Indian, a 20-volume record of 75 of North America s Native peoples. This collection of Curtis s images includes 100 of his most striking images and a biography. Also available in hardcover.
