Excerpt from Sba Fiscal Year 1997 Budget: Hearing Before the Committee on Small Business, House of Representatives, One Hundred Fourth Congress, Second Session, Washington, DC, March 21, 1996 There are many methodological questions that omb had to work through. It was only in recent weeks, as we were discussing this budget, the President s budget submission to you, that this change in the subsidy rate became clear to us. It is not a matter of withholding any information; it is a recognition of the past. We believe that this is a course correction. The important point is this. These loans in the early 80 s and mid-80 s were a good deal for Americans then, and they are still a good deal. Our loss rate is still percent. Now, if you compare that with commercial institutions, it compares very favorably with most conservative financial institutions. However, there is a difference between the loss rate and what the actual dollar recovery is. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
