Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.At the end of this week and the beginning of next week, one of the most momentous developments in all modern history is about to unfold. It s going to unfold underneath this new assembly of the international movement of peace [at the United Nations General Assembly], which is the best term to call it. And so from that point on, we have to realize that that s the case. We are at the threshold of thermonuclear war. The President of the United States Obama is one of the principal instruments leading the world toward a thermonuclear war, and this means generally an extinction form of war. This thing which is going to happen at the beginning of this next week, is probably absolutely necessary to avoid the danger of thermonuclear war. Now, of course, our President is the key source, the greatest source, of that threat right now. He s not as an individual, but as an individual as President of the United States. Unless he were suspended under the rules of the Twenty-Fifth Amendment, he could still set off a thermonuclear war on a global scale. All the potential for that exists now. And therefore, what is going to happen in the next week, the coming week, and henceforth in that period, is going to determine whether or not the world is ready to prevent the launching of a thermonuclear war. That s what the issue is. There are many aspects to this. The question is, why did mankind ever let itself get involved into this kind of mess? Well, there were problems, faults, in the way people thought. For example, since the beginning of the Twentieth Century, our very system...
