

Transcending the Titanic: Beyond Death's Door (Paperback)

By Michael Tymn

White Crow Books, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book is not quite like other books about the Titanic. As the title suggests, it is an attempt to explore the more transcendental aspects of the Titanic story - those suggesting a non-mechanistic universe. The subjects include premonitions, apparitions, out-of-body experiences, telepathic communication among the living, and after-death communication, many related to the Titanic passengers, others offered in support of the Titanic phenomena. Many of them have to do with other ocean tragedies. Chief among the Titanic passengers in this book is William T. Stead, a British journalist, who did not survive the disaster but apparently survived in another dimension, from which he communicated in the weeks following his death. . The Titanic story offers us the opportunity to examine death in a safe haven with the added bonus that, unlike most stories involving death, the parties actually have time to contemplate their death, some to escape, some to succumb. More than any other modern story, the Titanic might be viewed as a microcosm of life, a community isolated in the vast reaches of the ocean, one offering wealth and...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
