

System identification and adaptive control automation undergraduate textbook series

Filesize: 3.42 MB

Reviews

If you need to adding benefit, a must buy book. It really is writter in straightforward words and phrases rather than difficult to understand. Your life period is going to be change the instant you total reading this ebook.
(Letha Okuneva)

SYSTEM IDENTIFICATION AND ADAPTIVE CONTROL AUTOMATION UNDERGRADUATE TEXTBOOK SERIES

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 270 Publisher: Chongqing University Pub. Date :2009-08-01 version 1. The book includes: the basic concepts of system identification. system identification of the classical method of least squares algorithm for training the system identified. the system identification stochastic approximation method. maximum likelihood and prediction error of law outside the law. the mathematical model of the structure identification. closed-loop system identification. system identification and development of practical application in health. an overview of adaptive control. model reference adaptive control. self-correction control of multivariable self-tuning control. adaptive control system development and its application. Book is suitable for automation and related professional undergraduate and graduate high school students learn to use. but also for automation and related professionals to read. Contents: 0.2 Introduction 0.1 System Identification System Identification on the application of adaptive control and development 0.3 0.4 on the application of adaptive control systems and development of system identification theory. Part 1. Methods and Applications Chapter 1 System identify the basic concepts of the basic principles of system identification 1.1 1.2 1.3 System Description of the mathematical model description and analysis of random signals with white noise 1.4 1.5 pseudo-random code and content of system identification step 1.6 The basic application of system identification in Chapter 2 of the classic method of system identification method system identification step response 2.1 2.2 2.3 Frequency response method correlation analysis System Identification System Identification System Identification Chapter 3 of the least squares algorithm 3. a least square method of recursive least squares estimation algorithm 3.2 3.3 slow time-varying parameters of recursive least squares algorithm generalized least squares method 3.4 3.5 3.6 auxiliary variable parameters and state law joint estimation of more than 3.7 least-squares...
