They return for a visit to Earth after 17 years to find tragedies and sorrow. In book 3, The Space Travelers from Nura The story continues. At the end of 34 years in the Special Project they enter the Space Program and prepare to travel in space. As they travel in space around the North Star they find an abundance of life. They make contact with several other worlds and helped form the League of United Worlds. In this book we see Jim as his friends as they finish out their lives in the space program.
