Prepper s Homesteading Collection: (FREE Bonus Included) 135 Prepper s Lessons On Homesteading And Gardening There have been many events in the world in the last couple of years which have the potential to drastically alter the balance of power and stability of this planet. Most people are aware of the UK vote to leave Europe, the surprise election in the US and even the unexpected result in the British general election. There is no doubt that tensions between the Russia and the western world are high. North Korea s political ambitions are also a cause for concern. The result is a world which feels like it is on the edge of the biggest war in its history. There is a rapidly increasing need to have a back-up plan should disaster strike; especially if this were to destroy the power and internet for an extended period of time. The obvious first step for anyone who is concerned is to start...
