The Japanese were very close now, moving forward relentlessly, devouring everything before them. Joe Stark -- U. S. Naval Intelligence Agent -- knew he d have his hands full. There were miles of pipeline, oil wells and refineries to be wired and charged with dynamite so they could be blown to hell-and-gone when zero hour came; natives to be kept from spooking and running away; and death lurking around every corner. In the meantime, there was SELINDA, boldly aggressive and acutely possessive; YOSHI, doll-like and fragile, who offered herself for reasons of her own; and SUZANNE who could be ice or flame, demure or wanton. It seemed to Joe that in the midst of chaos and the smell of death, life became sweeter, mating a driving necessity, and love a soothing balm for screaming nerves.
